DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-3,5,7-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Because of their dependency, claims 2,3,5,7-9 are necessarily rejected
3. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are: Claim recites the structure of a diffuse lighting arrangements and then recites the arrangement as further including at least one accessory strap which is adjustable in length. There is no structural relationship recited in claim 1 that attaches the accessory anchor strap to the lighting arrangement in a functional manner and such a relationship is not considered inherent as claimed.

Claim Objections

4. Claims 7,8 are objected to because of the following informalities: Applicant has attempted to amend claims 7 and 8 as now being dependent off claim 1 but has failed to

Art Unit: 2875

delete "6" after "claim" hence claims 7 and 8 now read "the arrangement of claim 61".

Appropriate correction is required.

Allowable Subject Matter

5. Claims 1-3,5,7-10 are allowed.
6. The following is a statement of reasons for the indication of allowable subject matter: The reasons can be found in the previous office actions.
